

# Caring for children with COUGHS

**Our practice is taking part in the  
CHICO study run by Bristol University.**

The study is about children with coughs. Information on how many children we see with coughs and what we advise for their treatment will be collected.

The study does not involve releasing names or information about individual patients. If you want to know more about the study, please visit the study website [www.bristol.ac.uk/chico](http://www.bristol.ac.uk/chico)

This study is funded by the National Institute for Health Research (project number 16/31/98).
